Section 5: Financial Adviser Charges

Note to Financial Advisers

Please see TBFS's Intermediary Terms of Business at www.tbaileys.co.uk/corporate-information. Intermediaries who conduct business with TBFS are deemed to have accepted these terms.

From 31 December 2012, ongoing commission cannot be paid to a UK Financial Adviser from a product where advice has been given to a UK retail client to invest in a product. For deals where advice has been given to a UK retail client, investment should therefore be made into classes which do not contain an element of commission built into the annual management charge (AMC). See the Supplementary Information Document for this fund range for a complete class list. This section declares if no advice has been given. This application may be rejected if any sections are incomplete or inconsistent.

Special terms relating to initial charges must be agreed with TBFS prior to the submission of this form.

Please ensure that you have read, understood and signed the additional declaration(s) in Section 6 of this application form which refers to adviser charges.

Initial Adviser Charges

By completing this section, you are instructing us to pay an amount from your initial investment as outlined in Section 2 to the agent listed on your account as an adviser charge. As a result of this, the net amount invested in your chosen fund will be reduced by the amount of the adviser charge. For example if you have invested £10,000 and you have elected to pay your adviser a 2% adviser charge from your initial investment, we will pay your adviser £200 and £9,800 will be invested into the fund.
