#### Section 4ii: Agent Charges

#### Additional notes to Agents

From 31 December 2012, ongoing commission cannot be paid to a UK Agents from a product where advice has been given to a UK retail client to invest in a product. For deals where advice has been given to a UK retail client, investment should therefore be made into classes which do not contain an element of commission built into the annual management charge (AMC). See the Supplementary Information Document for this fund range for a complete class list. Section 3 of this application form declares if no advice has been given. This application may be rejected if any sections are incomplete or inconsistent.

Special terms relating to initial charges must be agreed with TBFS prior to the submission of this form. Please ensure that you have read, understood and signed the additional declaration(s) in Section 6 of this application form which refers to adviser charges.

#### **Initial Adviser Charges**

By completing this section, you are instructing us to pay an amount deducted from your investment as outlined in Section 4 to the agent listed in Section 3 as an adviser charge. As a result of this, the net amount invested in your chosen fund will be reduced by the amount of the adviser charge. For example if you have invested £10,000 and you have elected to pay your adviser a 2% adviser charge from your initial investment, we will pay your adviser £200 and £9,800 will be invested into the fund.

Initial adviser charge payable to appointed agency:

%

Ongoing Adviser Charges - Please only complete this section if ongoing adviser charges are to be taken from the investment. If this facility is not required, please move directly to section 5. Please be aware that not all funds where TBFS are the appointed ACD/AFM offer this ongoing adviser charge facility. Please contact TBFS for confirmation on 0115 988 8213.

By completing this section, you are instructing us to pay an amount from your investment to the agent listed in Section 3 as an ongoing adviser charge. As a result of this, we will process a deal to sell the appropriate number of your shares at the end of each calendar quarter following your investment to raise an amount to finance the adviser charge.

Please note that facilitation of ongoing adviser charges is based on an investor's holding at the relevant quarter end and is calculated at class level. If you have a holding in a class at the quarter end, we will pay an ongoing adviser charge based on the value of your investment in that class on the last business day of the quarter. This will be facilitated by quarterly redemptions of shares, with the proceeds being paid directly to your agent, provided there are sufficient shares in your account at the end of the period to redeem.

For example, if your holding was worth £100,000 at the end of the quarter and you had opted for facilitation of adviser charges of 0.4% per annum via quarterly redemptions we would redeem units to the value of £100.00 in that quarter (£100,000\*0.1%).
